

opposites

What is the opposite of school
It would be something very cool
Because school is something I hate
The opposite must be great.

What is the opposite of kind?
A goat that butts you from behind.

What is the opposite of new?
It might be stale gum that's hard to chew,
Or it could be wrinkled and gray;
Most old people are that way.

What is the opposite of good?
Why, someone mean and nasty: a hood.

What is the opposite of full?
It's when the squirrels pull
The feeder down and then proceed
To empty it of all its seeds.

The opposite of a chair
Is sitting down with nothing there.

The opposite of flower
Can easily be told within the hour.
It isn't leaves, a stem, or petals,
But big fat blobs of ugly metal.

What is the opposite of having many?
It is quite obvious: not having any!
